Education

•Indian Institute of Technology, Jammu *July. 2025 – July. 2027*
Masters of Technology in Computer Science and Engineering; ***GPA: 9.72*** Jammu, J & K, India

•United College of Engineering & Research *July. 2020 – July 2024*
Bachelors of Technology in Computer Science and Engineering; ***GPA: 8.76*** Allahabad, UP, India

•Boys' High School & College, Allahabad *July 2018 – July 2019*
Council for the Indian School Certificate Examinations (12th Standard); ***Percentage: 93.4%*** Allahabad, UP, India

Experience

•Asian Institute of Technology *Aug. 2023 - Sept. 2023*
Intern Bangkok, Thailand

- Participated in an international exchange program focused on Python programming, database management etc.
- Gained hands-on experience in developing applications using Python.
- Explored entrepreneurial practices through team projects with peers from diverse cultural backgrounds.

Projects

•Adaptive Quantum Feature Maps for Quantum Kernel Classification *Jul. 2026- Current*
Dept. of Computer Science and Engineering, IIT, Jammu Github

- **Tools & technologies used**: Python, Qiskit, QSVC, Quantum Kernels, Machine Learning
- Designing and evaluating adaptive quantum feature maps by exploring heterogeneous Pauli-gate assignments and entanglement strategies for quantum kernel-based classification.
- Conducting systematic experiments across multiple benchmark datasets to analyze classification accuracy, kernel-target alignment, expressibility, circuit complexity, and statistical significance against standard ZZFeatureMap and classical baselines.

•CertForge: End-to-End Secure Chat *February, 2026*
Dept. of Computer Science and Engineering, IIT, Jammu Github

- **Tools & technologies used**: Python, VScode
- Developed secure chat using RSA+ECDHE ensuring forward secrecy, mutual authentication.
- Implemented AES-256-GCM encryption with PKI validation, rekeying, replay protection.

Key Courses Taken

- C Progamming, Python, Data Structure, Algorithms, DBMS, Operating System, Computer Networks, High Performance Computing Systems, Software Engineering, Information Security, PRML, Probability, Linear Algebra

Technical Skills

- **Programming:** C, Python, Java , JavaScript
- **Tools & OS:** Git, Github, Jupyter Notebook, Google Colab, Windows, MacOS
- **Libraries/Frameworks:** React.js, Express.js, TailwindCSS, Bootstrap
- **Web Skills:** HTML, CSS, Javascript, Node.js, MongoDB

Achievements

- Scored perfect **10/10 SGPA** in **2nd Semester (M.Tech).** *2026*
- Qualified **GATE CSE** consecutively in **2024** and **2025** *2024,2025*
- **TCS Codevita** Season XI **Global Rank 1381** *2024*
- **Final-year Project** ranked among department's **TOP 10** *2024*
- Selected to represent college at **AIT Bangkok** for 2023 **Internship program** *2023*
- **1000**+ questions solved on **Leetcode**.

Positions of Responsibility

•Teaching Assistant - Data Structure and Algorithms, C Programming, IIT, Jammu *Present*

- Conducted tutorials and doubt-clearing sessions for first year B.Tech students, simplifying complex concepts.
- Assisted with grading assignments and exams, providing constructive feedback.

•Vice President - United Youth Parliament, UCER, Allahabad *2022*

- Managed organization, candidate selection, and promotion for district-level youth program.
- Anchored the United Youth Parliament event, leading sessions and engaging diverse audiences.

Certifications

- Python for Data Science, AI & Development *2021*
- Udemy Certification - The Complete 2023 Web Development Bootcamp *2023*
